

NVQ LEVEL 2 in Support Services in Health Care

Course Content

6 units, 4 mandatory units and 2 optional. The 4 mandatory units are:

- SS1 Foster people's equality, diversity & rights
- SS2 Contribute to the effectiveness of work teams
- SS3 Promote, monitor and maintain health, safety and security in the workplace
- SS4 Give customers a positive impression of yourself and your organisation

There are 33 optional units covering a range of job roles such as transport; housekeeping; cleaning; catering; administration; and patient records.

Entry Qualifications

This qualification is aimed at staff who work in clinical and health care settings. You do not need any prior qualifications to do an NVQ, as you are assessed whilst working, you need to be working paid or voluntary in a relevant role within the care sector. You will need a satisfactory level of reading and writing to do this work effectively and our specialist tutors can help you with any literacy issues you may have.

Progression

NVQ Level 3 in Health & Social Care

Course Duration

6 months

Course Format

You will be observed in the workplace by an assessor.

Level

2
